

Who Grew My Soup

By Tom Darbyshire

Young Phineas Quinn is suspicious of the vegetable soup his mom serves for lunch. Phin declares he won't slurp a single spoonful until he knows where his soup comes from! Much to Phin's surprise, a man in a flying tomato balloon shows up to answer this stirring question!

Georgia Connection: The author of this book is from Colquitt County, located in southwest Georgia. When Darbyshire wrote this book he responsible for the development of advertising that Campbell Soup Company used to promote its soups.
