

## **PEACHES**

### **WHERE DID THEY COME FROM?**

Peaches originated in China.

### **WHEN ARE PEACHES PLANTED AND HARVESTED IN GEORGIA?**

Peaches grow on trees. The trees take about 2-4 years to produce juicy peaches. In Georgia, we harvest peaches from May until September.

### **WHY ARE PEACHES GOOD FOR YOU?**

They contain a variety of vitamins and minerals, especially Vitamins A and C.
