

### **You'll "bee" amazed by these facts:**

- One out of every three bites of food we eat exists because of bees.
- Honeybees pollinate more than 100 crops in the U.S.
- In order to produce 1 pound of honey, bees must visit 2 million flowers- an average worker bee makes only about 1/12 teaspoon of honey in its lifetime.
- The honeybee's wings stroke 11,400 times per minute-making the buzzing sound you hear.
- Honeybees communicate with one another by "dancing".
